LEADERSHIP WORKSHOP DESCRIPTIONS

MEMBERSHIP MADNESS

Presented by Donald LeCompte, TRI Leadership Resources

Free pizza! Awesome trips! Cute guys and girls! Sound familiar? These are some of the key reasons why people say they join their CTSO- but what makes them stick around and become awesome members? Learn how to develop your membership pitch and watch your chapter grow more than ever!

WORTH FOLLOWING: HOW TO BECOME AN OTHERS-CENTERED LEADER THAT PEOPLE ACTUALLY WANT TO FOLLOW

Presented by Stephen Mackey, TRI Leadership Resources

It's not hard to claim to be a leader. Anyone can post just about whatever they want to an Instagram Profile. But, to actually become a leader (and a leader worth following on top of that) is an entirely different story. Far too many people are leader in title only. Our world needs a generation of young people to rise up and be leaders worth following. This is your game plan.

In this breakout, we will discuss the 9 Ways to be a Leader Worth Following, and walk away with a clear checklist of what you can do (starting today) to become a leader worth following.

YOUR CTSO STORY

Presented by Ashley Brinton, TRI Leadership Resources

STORIES spark emotions and action. From Luke Skywalker to Harry Potter and Katniss Everdeen to Anne Frank, we are moved and motivated by stories. What is YOUR CTSO story? Why did you join and what makes you stay? When communicating, the spotlight is shining on you! In this workshop you will learn not only WHAT your reason is, but how to communicate it.

CHAMP CAMP

Presented by Christopher Tuason, TRI Leadership Resources

Take it to the next level...the competition level! In this session, participants will learn advanced competition techniques to reach the top in their competitive events. Come learn the difference between a good and exceptional competitor and what can set you apart from the rest. Do you want to win at State? Then this workshop is for you!

KEYNOTE DESCRIPTIONS

STEPHEN MACKEY, TRI LEADERSHIP RESOURCES

We've all heard the saying, "When opportunity knocks, you better open the door." What this old adage is claiming is this: if you're not in the right place at the right time, you'll miss your shot. What people want you to believe is that opportunity is a unicorn, and only the *lucky* or the *blessed* will ever find it.

The problem, however, is that opportunity is not a unicorn. It's not rare, and it's definitely not a once in a lifetime chance. Opportunity is everywhere. So, it's not a question of, IF opportunity will knock, but WHEN? And more importantly, what doors am I building today, for opportunity to knock on tomorrow? The more doors you build today in your relationships, education, and skillsets, the more times you will hear opportunity go "Knock Knock" tomorrow.
