

Advisor Resources

TOTAL TSA

TOTAL TSA contains membership materials and the competitive events guide. Once a chapter is affiliated, all advisors for that chapter will have access to TOTAL TSA.*

- **Membership Materials**

Whether you are new to TSA or a seasoned advisor, TSA's membership materials will help you run your chapter effectively. They provide guidelines for organizing and managing your chapter, as well as suggestions for promotion and recruitment.

- **Competitive Events Guide**

TSA offers its members challenging technology and leadership competitions. Every two years, TSA's competitive events are reviewed and revised by the Competition Regulations Committee (CRC), a standing group of technology and engineering educators with hands-on classroom experience. The "Competitive Events Guide"* contains TSA's general rules and regulations as well as detailed information for each competitive event at that level. All TSA competitions are correlated with national STEM standards and can be integrated into and support STEM curriculum.

**The information in TOTAL TSA and the competitive events guide is copyrighted and intended for use only with your TSA chapter members. Beyond that use, it may not be shared or reproduced in any form or by any means without documented permission of national TSA.*

Communications

Throughout the year, both state and national TSA communicates with chapter advisors in a variety of ways, including:

From the State:

- Email updates at least once a month with important information, reminders and deadlines.
- SMORE – online flyer that should come to your email.
- Social Media – Updates on Facebook, Twitter and Instagram

From the National Office:

- Constant Contact **emails** with important and timely information, including reminders and upcoming deadlines, especially before, during, and after the National TSA Conference.
- **Postcards** highlighting upcoming TSA happenings to share with your members.
- *School Scene e-newsletter* with articles from the national TSA officers about TSA accomplishments and events.
- **Social media** updates on [Facebook](#), [Twitter](#), and [Instagram](#).

State Advisor and Advisor Mentor Support

Competition Regulations Committee

The Competition Regulations Committee (CRC) is responsible for developing TSA's competitive events, updating them as necessary, and presiding over the competitive events at the annual national TSA conference. For questions about a specific event, [contact the coordinator or manager](#) for that event.

MyTSA

Be sure to encourage your TSA members to take advantage of *MyTSA*, a free digital platform for members to catalog and save their TSA milestones all in one place. When student members create a *MyTSA* account, the information entered is stored and accessible throughout their TSA experience and beyond.

More Questions?

[National TSA Staff members](#) are available year-round to assist you with membership questions:

- Membership Manager [Suzy Orr](#)
- Systems Manager [Leanne Guido](#)
- Executive Director [Rosanne White](#)
