

NEW MEXICO HOSA JUDGE 2022

HOSA-Future Health Professionals is a student organization whose mission is to promote career opportunities in the health care industry and to enhance the delivery of quality health care to all people. Each year, students compete at state contests, judged by local health industry leaders, to impart a “real world” experience to the students.

The annual State Leadership Conference will be held in-person this year and will require nearly 100 experienced health professionals to judge. All judging will be in-person. Resources and training will be provided the week before SLC.
